

GRANDÉ ROUX WILD THING

23/11/2010 • 16.2hh • Dark Bay

Wild Thing is one of two broodmares from the special dam line of Dageraad Suus. Suus passed on exceptional temperaments to all her foals with excellent mothering instincts to her fillies. Suus was imported in utero through the Dageraad Stud and rated Premium in South Africa. Wild Thing is a modern type warm blood and shows similar qualities to her full brother, Wayabove who was sold for the top price of R400 000 as a rising three year old on the 2015 Equisport Auction. Wayabove is currently being produced by Maud Aarts. Wild Things' sire, Wittinger, consists of some of the best jumper blood in Europe and won the 3-year old stallion performance test.
