

GRANDÉ ROUX REGAL

10/01/2018 • Still growing • Dark Bay

Regal is our third Rotspoon offspring out of Grandè Roux Salero (Sandreo). He is of a strong, athletic build with flowing movement. He is built uphill which is always great for a dressage prospect. He is slightly sharper than some of his brothers & sisters but are still easy to work with and has showed to be a quick & willing learner. Losing his baby coat he has turned completely black which is always nice!
